

## LCU-GHANA

We are not to despise small beginnings. Opening in September, 2007, we are now conducting three courses per week with students studying for their undergraduate and graduate degrees.

## LCU-General Information

### Accreditation:

We are accredited through the Accrediting Commission International, the world's largest non-governmental school accrediting association. ACI is the accrediting authority for thousands of students in hundreds of schools in 9 countries on 5 continents, and operates in 35 states within the USA (including Washington, D.C.).

### Course Durations:

Our courses run for 4 to 5 weeks generally and there is a minimum of nine courses per year.

### Requirements for completion:

The following certificates are awarded to our students:

**Diploma in Theology**— 30 credit hours

**Associate of Theology Degree**— 60 credit hours

**Advanced Diploma in Theology**— 90 credit hours

**Bachelor of Theology Degree**—120 credit hours

**Master's Degree**—156 credit hours

Audit students will receive certificate of completion based on their attendance for each year they are in school.

**Program #1** is foundational in nature and is required for all University students. It is designed to give each student a solid foundation for their own personal life and Christian walk. Program #1 addresses the four areas where Satan tries to keep a believer from being successful in life: **Faith, Health, Character, and Provision.**

Program #1 also includes courses on the ministry of Jesus and a survey of the New Testament.

### Audit Program

In order to enroll in the undergraduate program, one must have successfully completed high school or the equivalency of high school. However, if you wish to pursue your degree, then two years of audit will provide the equivalent of a high school diploma, qualifying you to continue into the undergraduate program.

If you are not seeking a degree but want to continue in your studies of the Word of God, our audit program will enable you to receive the same quality education as the undergraduate program, but without the prerequisites. All you need is the desire to grow in the Word of God.

The Audit Program requires your attendance and a minimal charge for each class.

### Undergraduate Program

Life Christian University has established undergraduate course work in four year-long programs. Each program is made up of 9 courses and one Ministry Practicum for 3 credit hours each, making a total of 30-credit hours per year.

For those who have a high school diploma or have already attended a recognized, accredited college, your transcripts will be assessed and you will be given credit from your prior college level schooling. If you are a minister of the Gospel, preaching or teaching the Word of God regularly, you may apply for Ministerial Life Experience Credit as well. This can earn you up to one year's worth of credit (30 credit hours).

The following tracks are available for the undergraduate program:

- **Theology**—This major course of study gives the student a solid foundation in the Word of God, meets the needs of the Christian worker by equipping them for various areas of full-time Christian service, and prepares them for graduate studies in Theology and related fields.

- **Pastoral Ministry**—This major course of study equips the student for full-time pastoral ministry in the local church.
- **Christian Counseling**—This major course of study equips the student for full-time Christian service in counseling
- **Christian Education**- This major course of study equips the student for teaching in a Christian Education program for a Christian school, a local congregation, or Bible training program for children, youth and/or adults.
- **Church Administration**—This major course of study equips the student to effectively manage the business operations and work force of a local church or ministry organization.

### Graduate Program

Graduate candidates must have earned a Bachelor's Degree with a Theological major from a recognized college or university. Leveling courses may be required. There are several tracks that can be followed for the Master's program including:

- **Christian Theology** — For students who desire to expand their training and deepen their knowledge and understanding of the Bible and theology.
- **Pastoral Ministry** — Helps pastors increase their effectiveness in the work of the ministry.
- **Christian Education**— Provides in-depth studies in Christian Education for those involved in church or church-related school.
